TRAGEDY CLEARS MYSTERY

Mrs. Edith M. Woodill, Victim of  
Murder, Native of Washington.  
St. Michaels, Md., June.—Edith  
May Woodill, who was murdered  
here June 29 by "Lame Bob" East-  
man, a New York broker, was a na-  
tive of Asotin county, Washington.  
Her mother's name was Hurd, but  
shortly before the birth of the girl,  
Miss Hurd married a man by the  
name of Wirtz, and the little girl  
bore this name until she was adopted  
by Col. Chas. H. Thompson.  
Love, romance, murder, suicide,  
two marriages, divorce and a final  
horrible tragedy were crowded into  
the twenty-two years of the life of  
this talented woman, who charmed  
President McKinley with her voice  
and so captivated Treasurer Lyman  
J. Gage that he lavished his wealth  
upon her education and happiness.

Clothing Goes Skyward.

New York, June 27.—Anticipat-  
ing the effect of the present provis-  
ions of the Aldrich tariff bill, the  
prices of men's clothing have been  
sent skyward within a week. Cloth-  
ing dealers report that suits that  
could be bought a week ago for \$29  
are now being marked up to \$35.

Lawson's Daughter Becomes Bride.

daughter of the famous financier  
and author, Thomas W. Lawson, be-  
came today the bride of James F.

day afternoon, when three coaches  
of the eastbound Denver & Rio  
Grande passenger train, known as  
the San Francisco Limited, went  
into the ditch at Sedalia, 29 miles  
from Denver. The wreck was caused  
by the displacement of rails as the  
result of the intense heat.

CHANGE IN FOREST SERVICE

Western Half of United States Is  
Divided Into Six Districts.

Washington, June 28.—Following  
the movement of the largest part  
of the executive force of the forest ser-  
vice from Washington into the field,  
and the division of the western  
country into six forest districts, each  
in charge of a district forester, the  
practical management of Uncle  
Sam's forests on a business basis is  
being pushed forward even more ef-  
fectively than heretofore. Only the  
general administrative heads of the  
service, and the men engaged in  
government forestry work in the  
eastern part of the country retain  
their headquarters in Washington.  
The headquarters for the western  
districts are located at Missoula,  
Mont.; Denver, Colo.; Albuquerque,

THE CALIFORNIA BUILDING AT A-Y-P. EXPOSITION, SEATTLE.

California's handsome building is one of the very striking structures  
on the grounds of the Alaska-Yukon-Pacific Exposition. It is in the old  
Spanish Mission type of architecture encountered so frequently in South-  
ern California, and the detail of its front has attracted the attention of  
artists and architects from all over the country.

In the building every county of the golden state will have an exhibit.  
California, from Skagway to San Diego, has shown as much enthusiasm  
for the Exposition as has Washington itself.

WHERE WORLD'S WORKS OF ART WILL BE HOUSED AT A-Y-P. EXPOSITION, SEATTLE.

In this building will be exhibited many priceless paintings. The dis-  
play will represent the art galleries of the world, for many of these pic-  
tures will be the work of the old masters, including rare art exhibits  
from the Corcoran in Washington, the Art Museum in New York, the  
Chicago Art Institute and from a large number of private galleries of  
wealthy men in the United States and Europe, who have for years made  
the collection of famous old paintings their hobby. Paris and London  
have made large loans.

At the Alaska-Yukon-Pacific Exposition the selection of pictures will  
be limited to the works of men who have been recognized in the great  
art competitions in all parts of the world. Many American artists will  
be represented in the display in the Fine Arts Palace at the Exposition  
and arrangements have already been made for the shipping of these valu-  
able paintings from art institutes of this country to Seattle.

G. L. Berg, art director of the Exposition, has visited all of the lead-  
ing galleries of the United States, collecting the pictures suitable for dis-  
play at Seattle, and writes that the pictures already loaned will constitute  
one of the greatest art displays assembled for international exhibition.

The Fine Arts Building is a fireproof structure and was one of the  
first buildings completed on the Exposition grounds. It cost more than  
\$200,000 to erect the building.
